Spinning a yarn

Parisian brother-sister duo Grégory and Laëtitia Mizele are making crochet luxe with their namesake label [Mizele](#). Their signature collection of bags take inspiration from their Tunisian heritage and textile craftsmanship. The chic double handled 'Muzelle' and 'Muze' bags in 'Série 1', come complete with a versatile shoulder strap, and take over twenty hours of construction. The intricately crafted bags are finished with fine leather accents and can be customised with monogrammed initials. They'll make for a coveted Christmas gift come rain or shine.
