The latest all-natural, brown-bottled men's grooming line, [Maapilim](#), recently launched its online shop. The Tel Aviv-based brand features products created with essential oils and extracts native to the Mediterranean region. Offering skin, hair and body care, it comes in minimal packaging that will not shame a design-conscious cabinet. Just in time for the holidays is the Winter Survival Kit complete with christmas tree pine-scented soap, a lip balm, All Purpose Oil for pre/post-shave and night time moisturising and a paraben-free hand cream based on aloe vera with notes of rosemary oil.
